- Bike Trails**
— Existing Trails
- - - Future Trails
Includes Kendall County Bike Trails from 2004 Bike Trail Plan; Aurora Trails; Oswego Trails; Oswego Park District Trails; Plainfield Trails
- Streams and Rivers**
— Streams and Rivers
- Waterbodies**
— Waterbodies
- Streams and Rivers, and Waterbodies from the USGS's High Resolution National Hydrography Dataset; Wetlands from US Fish and Wildlife's National Wetlands Inventory; Floodzones from FEMA

- Threatened and Endangered Species Sections**
These sections contain the presence of at least one threatened or endangered species. Data obtained from Illinois Department of Natural Resources (IDNR).
- Conservation Reserve Enhancement Program (CREP) Sections**
These sections contain the presence of at least one CREP site.
- Illinois Natural Areas Inventory (INAI) Sites**
INAI Sites were obtained from the IDNR and represent the centerpoint locations of the site.
- Kendall Natural Area Guardians (KNAG) Sites**
- Nationally Registered Historic Sites**
- Burial Grounds**
KNAG Sites, Nationally Registered Historic Sites, and Burial Grounds represent the approximate center of the site locations. They were plotted by hand using Rockford, Inc. 2002 Kendall County Plat map as a reference.

- Land Cover**
- Rural Grassland**
Includes permanent pastureland, roadsides and fence lines, waterways, prairies, and other grassland cover located in rural areas.
- Forest**
Includes forest and partial forest/savanna land with areas that are predominantly covered with trees and woody vegetation. The three categories are: upland, partial canopy/savanna, and coniferous.
- Agricultural Land**
- Land Cover data from the Illinois Gap Analysis Project Land Cover, 1999-2000; land areas that are not classified as either forest, rural grassland or agricultural land according to the data are not displayed on the map.
- Roads**
— Roads
+ + + + Railroads
- - - Section Lines
- Political Townships**
— Municipalities
